

## Product Specification Sheet

### Targus Ultra Mini-USB 2.0 4-Port Hub

Part #: ACH74US

#### Product Description:

The Ultra Mini USB 2.0 4-port hub is the travel hub for at home or on the road. It allows you to connect 4 USB devices such as mice, digital cameras and memory drives to your notebook simultaneously. It has a transfer rate of 480 Mbps, plug and play capabilities and does not require an AC adapter. Compact, affordable and easy to use, this hub is perfect for the traveler on the go who doesn't want to sacrifice the convenience of external peripherals.

#### Product Features and Specifications:

- **Travel light:** Small, lightweight design without the weight of an AC adapter
- **Expand your capabilities:** Connect 4 USB devices such as mice, digital cameras, and memory drives to your notebook simultaneously
- **Plug and play:** Easy to install – simply plug into your computer's USB port, no drivers required
